A VERY HEALTHY HOLIDAY

Avoid smoking and second-hand smoke

It's a good time for your regular check-up and vaccinations. We typically interact with more people during holidays, increases our chances of catching infections along with those hugs

Always practice your good judgement. That happens when you're sober, and not under the influence of anything else

Drink responsibly

Stay active, and get regular exercise

De-stress! You already know that stress isn't healthy. Here are a few tips to fight it off:

Make time to sleep and eat properly

Drink plenty of water

Enjoying and living in the moment

Pre-plan as much as possible; whatever you can do today, don't leave off for the "big day"

Have a lot of back-up plans

Make time for exercise

Settle on a positive attitude no matter what goes awry

EDITORS NOTE

We take this opportunity to thank all the employees of Skysharp solutions and extend our warm welcome for Christmas and New Year to all employees and their family members. Last year we saw tremendous growth in our company and we credit this growth to all our colleagues who have worked hard and it's your sheer dedication and motivation that the company has managed to run through the economy crisis. We wouldn't have achieved any success and completed our project without your support and dedication. Thank you once again for the achievement we had last year.
